SUMMER

Vol. 14, No. 175

Tuesday, August 7, 1962

Provo, Utah

Elder John L. Longden

Longden to speak Thursday

Speaker for the Thursday devotional assembly will be Elder John Longden, assistant to the Council of the Twelve of the LDS Church.

Elder Longden was an executive in the electrical business and a leader in civic affairs before becoming a Church official in 1951.

Elder he had served as a missionary in the Central States Mission. After his mission he held such Church positions as attorney, steward and stake YMMIA, bishop of the Salt Lake City 19th Ward and high councilman in the Salt Lake and Highland Stake.

DURING World War II the Church leader was an assistant coordinator for LDS servicemen at Bushnell General Hospital, Brigham City, as well as Salt Lake City, Boise, Idaho, and Las Vegas, Nev. In 1950 he became a member of the General Welfare Committee of the Church.

Grade reports now available

The answer to one of the most asked questions on campus during the first two weeks of second session has been offered by Records Officer Lucille Spencer.

"NO," SHE SAID, "first session grades will not be mailed to parents." Miss Spencer explained that students may pick up a copy of their first session grades in the records office, B-163 Smit Administration Bldg.

A grade report covering both sessions will be available at the end of the summer to the address students listed a "Grade Report Address" at registration, Miss Spencer informed.

President Olpin of U. of Utah to address summer graduates

President of University of Fieldhouse. There will be no undergraduate or individual college meetings for summer convocation.

The academic procession will begin at 7 p.m., and services will start at 7:30 at the Smith

A FORMER debater and student body president at BYU, Dr. Olpin graduated in 1923 and

later obtained the Ph.D. degree in physics at Columbia University. He was engaged for scientific research at Bell Telephone Co. and was a member of the team which transmitted the first television image in the laboratory.

Later Dr. Olpin was executive director of the research foundation at Ohio State University and was in charge of research laboratories at Kendall College in Charlotte, N.C. He also has been a professor at Brooklyn Polytechnic Institute.

Interested in educational programs around the world, Dr. Olpin has traveled extensively. In 1953 he circled the globe, visiting Edinburgh, London, Paris, Rome, Athens, Cairo, Karachi, New Delhi, Bangkok, New Guinea, Sidney, New Zealand, Manila and Tokyo, to exchange ideas with university personnel.

He WENT on a speaking tour for the U.S. State Department to Australia and New Zealand to discuss democratic phases of government, and he also toured around the world in 1958 to contact government and educational leaders to discuss the possibility of establishing educational exchange programs.

In the letterpress printing process the type touches the paper to make the reproduction, whereas in the offset process the impression is transferred from a metal sheet to a rubber-covered drum, then to a sheet which recently installed a web-fed offset press.

FOR TODAY'S paper the printing method used is the offset process, according to Noel Duerten, sports publications manager. The Summer Universe is one of the first newspapers in Utah to take advantage of the opportunity to experiment with the new process, he said.

Tony's paper was printed at the "Transcript Bulletin" press in Tooele. The print shop there was the first one in the state of Utah to install the web-fed offset press machine.

Thursday's paper will be printed in Salt Lake City at a

Elder Harold B. Lee

Apostle Lee to be guest at conference

Visiting General Authority for the BYU Fall Leadership Conference will be Elder Harold B. Lee of the Council of the Twelve of the LDS Church. Leadership Conference chairman Lloyd Johnson has announced.

Elder Lee, as a member of the BYU Board of Trustees, will act in a dual role as University administrator and as a spiritual leader.

The invited BYU student leaders and administrators will attend the three-day conference which has been themed, "... but few are chosen."

Six-foot rabbit has title role in 'Harvey'

An invisible white rabbit six feet tall plays the title role in "Harvey," final summer production of the BYU Theatre, beginning tonight at 8:15 p.m. in the Arena Theatre, C-94 Smit Administration Bldg. The play will continue through Aug. 18.

Tickets for the play are available each day from 9 a.m. to 4 p.m. at the Smith ticket office and at other times from the Dramatic Arts Dept. office, Steadman House. Students may obtain one ticket with their summer activity card and adults tickets for \$1.50 each.

THE RABBIT is the person companion of the play's hero, Elwood Dowd, played by Lynn Benson, Moreland, Idaho, and is visible only to him. However, sound and lighting effects are used to convey his presence to the audience at certain points in the play.

Plot of the story centers around an attempt by Elwood's sister, Veta, and her daughter, Myrtle, to get Elwood committed to a mental institution in order to get Harvey out of their home.

HECTIC 'HARVEY' -- "But I'm not to a padded cell in this scene from crazy. Don't lock me up!" Peggy "Harvey," final summer production Lautenschlager protests vociferously of the BYU Theatre.

slly as Bob Despain drags her away.

MMM IT'S GOOD -- John Fry, Universe Business Manager, was one of many students who enjoyed the fried chicken during the Chick-O-Ree last Friday.

Photo by Al Snow

1,450 attend chicken fry, eat food by pounds and gallons

Approximately 1,450 persons ate heartily at the Chicken Fry Friday night.

The food prepared by the Jossop's Cafeteria, was nearly all consumed, according to LaMar Evans, manager of the cafeteria.

ABOUT 400 chickens were prepared for the group. Three hundred pounds of potatoes went into the fry. In addition, there were 300 pounds of tossed green salad. Mr. Evans reported. Thirty pounds of butter were spread on 1,550 sliced rolls. Eighty pounds of celery, 90 pounds of carrots and eight gallons of gravy were separated into individual waxed-paper bags.

Elder Alvin Dyer scheduled to speak at senior breakfast

Guest speaker for the traditional breakfast for graduating seniors and their parents will be Elder Alvin R. Dyer, assistant to the Council of the Twelve of the LDS Church, Student-body President Dale Harris has announced.

THE EVENT will be Aug. 18 at 7:30 a.m. on the lawn east of the Joseph Smith Building, according to summer publicity chairman Valerie Olson.

There will be dinner music and entertainment, with Harris acting as emcee. Miss Olsen said.

The menu will include ham, eggs, milk, juice, sweet rolls and muffins, she said. Cost will be one dollar per person.

Special refrigerated trucks stored the 1,550 cartons of drinks, and 1,550 ice cream bars were packed in dry ice.

ALL FOOD for the Fry was prepared just a few hours beforehand except for the salads, which were boiled and peeled the day before. Mr. Evans explained. The last chicken was taken out of the oven and packed in steam pans just 30 minutes before the Fry began.

Peanuts cartoons set dancing mood

Students will dance in a "Peanuts" environment Friday in the Smith Family Living Center.

THE THEME is an adaptation from the "Peanuts" cartoon.

This studentbody stag dance will start at 8:30 p.m. and admission will be by showing student activity card or paying 25 cents.

The Duke's Club Combo, a five-member orchestra, will play for the dance.

LEON BADHAM, a graduate student in music from America Park, who formerly played with the Y.M.C.A. Band, is leader of the group.

Mary Carr, summer school central dance chairman, said the refreshments and decorations will be based on the theme, so it will be "peanutty." She said festive refreshments are roasted peanuts, peanut butter cookies and milk.

Picture versions of the Peanuts cartoon characters will be part of the decorations for the dance, according to Ann Carr, decorations chairman.

Next year's Cumorah Pageant to take shape on director's return

Next year's Hill Cumorah Pageant will start taking shape as soon as the director, Dr. Harold I. Hansen, chairman of BYU's Drama Dept., returns from a European theatre tour he is directing.

DR. HANSEN left with his BYU tour group from New York Sunday night, just one day away from the final performance of this year's Pageant, and will return Sept. 7 or 8, according to his wife.

Even though the director will start preparations for the next Pageant in September, he can't start casting until just a week before the performance, Mrs. Hansen explained.

She said the more than 400 missionaries from the Eastern States mission who participated in the Pageant cannot be taken from their mission duties any sooner.

THE 300-MEMBER cast of this year's Pageant--composed of approximately 120 persons from the U.S. and Canada--applied to Dr. Hansen and were selected by him, approximately 80 members of the LDS Church in the New York area and the Eastern States missionaries didn't get together until July

24. Dr. Hansen started casting that day, just one week before dress rehearsal for the Wednesday, Thursday, Friday and Saturday performances.

In spite of the short time the cast worked together before their four-hour performances, religious spectacles newspapers reported a splendid performance. Dr. Hansen told his wife over the phone Saturday night that "things have never been better and the spirit was never higher."

The one hour and 20 minute 12-scene portrayal of the Book of Mormon story was witnessed by 25,000 persons Wednesday night and 27,000 Friday. The 46-acre parking and five-acre seating areas were jam-packed.

THE DRAMA was first performed in 1837 and has been repeated each year since then except for a five-year interruption during the war. Mrs. Hansen said Dr. Hansen's first assignment as a missionary in the Eastern States Mission in 1937 was to direct the first Pageant. He has directed the 19 subsequent performances at Cumorah.

The original script, adapted from the Book of Mormon, was

written by the late Dr. H. Wayne Miller, a professor at New York University. Mrs. Hansen said Dr. Hansen has revised it much since then.

The music which has been used since 1937 was written by Dr. Crawford Gates, chairman of the Music Dept., and performed by the 500-strong combined BYU choir, the 80-member Utah Symphony Orchestra and the Tabernacle Organ. It is recorded on five-track stereo phonograph tape.

MANY STRIKING sound effects, such as the "rotation," a box full of croquet balls to give the effect of thunder, are used.

The Pageant has many dramatic highlights. Among these are the awesome scenes of the destruction on this continent at the time of Christ's crucifixion; the appearance of God's children; the people on the American continent; the Nativity scene, heightened with the use of illuminated water curtains; and the burial of the engraved records in the Hill Cumorah.

MORE THAN \$100,000 worth of buildings, theatrical equipment and accommodations for spectators equipped the Hill Cumorah site for this year's performance.

Dr. Hansen said that to the best of his knowledge the Hill Cumorah Pageant now has the finest facilities for outdoor production in the world. They include five major stages and 20 secondary ones, five miles of underground wiring for lights and sound, an inter-com system, production units for machinery, reservoirs holding 175,000 gallons of water for the illuminated water curtains and other purposes, a two-story administration building, double dressing rooms, a property shop and a work crew dormitory.

Through a ham radio operator in Logan, word has been received about new successes of "Curtain Time," BYU's variety show or eight weeks tour of the Orient.

"BYU is getting great reception in the Orient. People-to-people shows in Sapporo and Nase have been fantastic. Consular officials report this is the best show they have seen so far," stated the message from Dr. W. Lawrence, director of the University's Program Bureau.

THE THEATRE was picked up by S. Martin, 332 West Center, Logan, an amateur radio operator. It originated in Oklahoma.

The 19 performers and two directors left Provo on June 20 and plan to return Friday. They have performed in Korea, Japan, Formosa, Okinawa and the Philippines. Show director is Jane Thompson.

Many of their shows have been broadcast over local radio stations. In Senda, Japan, they were filmed for nationwide television.

THE TROUPE is touring military installations at the invitation of the Department of the Army. Performances for civilian audiences have drawn unusually large crowds.

In Taegu, Korea, more than 4,000 persons saw one show as performed on the grounds of Kyung Bok University. Nearly 2,000 civilians and officials

Competition complete in mural program

With the summer coming to a rather rapid conclusion, competition is winding up in the summer intramural program. Already softball has completed its roster, and the winners await further play in the All-Church Division.

In the slow-pitch league BYU 1st Ward had combined the combined forces of the 7th, 19th and 25th wards two defeats to emerge victors.

3RD WARD topped all competition in the fast-pitch league and are awaiting the softball playoffs.

The table tennis mixed doubles has been resolved to a battle between Drew and Carol Laude and Don and Mary Larson.

Horseshoe singles, table tennis, chess, bridge and cards are now in the quarter final groups, and competition is expected to end this week, according to Jay Naylor, mural director.

Mr. NAYLOR reported that all individual winners will receive intramural medals at the completion of play.

"It has been a good summer," added Mr. Naylor, "and while we haven't had as many participants as we had anticipated, we have had some very good competition shown by the players, and that is one of the aims of our department. We have been happy to have provided competition for those who wanted to be active in sports."

Evening concerts on carillon bells played by student

The evening music of the carillon bells has become a tradition at BYU, and bell master Jim Michael Stewart is carrying the tradition through the summer.

Monday, Wednesday and Friday evenings, Stewart, a sophomore from Norwalk, Calif., presents concerts from 5:30 to 6 or 7 on the carillon bells.

"I PLAY ONLY traditional music, like Bach and Mozart," he said. "Since every bell master has a signature piece, at the beginning of each concert I play my States Lawn Tennis Association signature piece. 'Sweet Is the Wind' begins in Provo August 19,

according to Lynn Rockwood, Provo City recreation coordinator. The keyboard of the carillon bells is like that of a piano, too, Stewart explained. When the Mr. Rockwood has announced keyboard hammer strikes the bars, the sound is magnified in three groups—team play, single-note play and amplified piano play.

"I PAYING THE CARILLON BELLS REQUIRES PIANO AND ORGAN BACK GROUND," Stewart explained, "but there are some techniques peculiar to the bells that must be mastered. For example, if you play too fast, the notes become muddled and indistinct."

Volunteers needed for fall orientation

Volunteers are needed to help AWS and AMS in fall freshman orientation, according to Wayne Young, orientation chairman.

The two organizations will transport new students from bus and train stations to campus, Young explained, and will assist them in finding housing.

All interested may sign up on the bulletin board outside 180 Student Service Center or call FR 3-3385, Young said.

PLAYER PONDERS—Star football player Elton Fortie gets in some practice for next season's WAC battles.

Photo by Al Snow

Regional meet for tennis play starts Aug. 19

Division play for the Rocky Mountain Region of the United States Lawn Tennis Association ends each year in Provo.

"The tournament will begin in Provo City recreation coordination office," Stewart said.

"TEAMS ARE EXPECTED FROM SIX MEMBER STATES AND WILL INCLUDE TWO TEAMS FROM UTAH, ONE FROM IDAHO, COLORADO, NEVADA AND ONE AT LEAST FROM WYOMING AND MONTANA."

Mr. Rockwood, who is chairman of the Provo tennis group now resides in New Mexico.

PLAY WILL START SUNDAY ON THE PROVO CITY COURTS AND SWITCH TO THE BYU COURTS MONDAY. THE UNIVERSITY HAS A RULE THAT DOES NOT ALLOW SUNDAY PLAY IN ITS COURTS.

Entries are still being accepted, according to Mr. Rockwood, and he said he expects a record turnout from the Western States.

Final standings in the Provo tournament will be sent to the USLTA, amateur tennis governing body in the U.S. for rating Western players in the national ranks.

"I PAYING THE CARILLON BELLS REQUIRES PIANO AND ORGAN BACK GROUND," Stewart explained, "but there are some techniques peculiar to the bells that must be mastered. For example, if you play too fast, the notes become muddled and indistinct."

The two organizations will transport new students from bus and train stations to campus, Young explained, and will assist them in finding housing.

All interested may sign up on the bulletin board outside 180 Student Service Center or call FR 3-3385, Young said.

FORMER BYU STUDENT WINS RESEARCH AWARD

A former BYU student, Weston Morrill, has been presented with the annual Phi Delta Kappa Award for outstanding research in education.

Mr. Morrill received his master's degree last August at BYU, then taught for a year at Hayward, Calif. He has won a fellowship to do a doctorate degree study in the University of California. His advisor is the Dr. A. Reed Morrill, professor of education at BYU.
